GOLF COURSE

The Wellington Golf Club topped off another busy year with unseasonably warm temperatures over the Christmas holiday. With 70 degree temperatures on Christmas Eve and many family and friends were off work and home for the holidays, more rounds of golf were played on Christmas Eve than the Fourth of July. We are very grateful for any business we can pick up during the winter months. It appears the cold has set in and we will continue to hope for moisture and sunshine as we head into a very busy 2022 season!
