Jeffrey Porter, City Manager

City Clerk

The City has a new portal to pay your utility bill for the new year. Visit <https://municipalonlinepayments.com/wellingtonks>.

Or download the MyCivicUtilities App, which is available for Apple and Android devices.

Payments can still be made in person at City Hall by check, cash, or credit card.

City Manager

During winter storms, scammers sometimes contact residents by phone, saying the City is about to disconnect power to their business or residence unless they pay with a money order, gift card, or another form of payment. The City will never ask customers to wire money or pay with a reloadable card, gift card, or cryptocurrency. If you receive this type of call and are concerned, please contact the Wellington Police Department or City Hall.

Public Works

Compost Site Update

The Street Department burned the Compost Site on December 27, 2023. This is done annually to prepare the site for the new season.

The Compost Site had a very busy year. We will be tabulating the totals brought in for our annual report to KDHE. The facility will close officially for the season after tomorrow, Saturday, January 6th.

Interviews were conducted this week and offers were made to fill two (2) driver/collector positions in the Sanitation Department.

Interviews will be scheduled soon to fill two (2) laborer positions in the Street Department.

The Park and Street Departments removed the Lions Club monument sign and base from Century Park this week. The Lions Club plans to place the sign to the South of the Senior Center.

Utilities

Water Service Line Survey

Have you completed your service line survey? A copy of the survey was included in the utility bills and is available online. By completing your survey, you are helping our community comply with new State and Federal drinking water regulations.

The link below takes you to the survey. You can also find it on the City of Wellington website at <https://www.cityofwellington.net/newsview.aspx?nid=6665>. You can also access the survey using the QR code on your mobile device.
